**NOTICE TO CANCEL PERMIT APPLICATION**

TO THE MISSOURI OIL AND GAS COUNCIL:

*Please print*

Company Name: Osborn Energy  
Lease Name: Scott  
Well Number: 2-23  
Permit Number: 20387  
County: Bates

The above stated well has not been drilled and requires no remedial or plugging actions as required by the Missouri Oil and Gas Council Rules and Regulations.

I, the undersigned, state that I (your name & title) Curstin Hamblin of  
(company) Osborn Energy am  
authorized to make this report; and that this report was prepared under my supervision  
and direction and the facts stated herein are true, correct, and complete to the best of my  
knowledge.

5 August 2009

Missouri Department of Natural Resources  
Missouri Oil & Gas Council

Attention: Joe Gillman

Mr. Gillman,

Osborn Energy, LLC has submitted an application for drilling permits for the Scott lease located in the North half of the Southeast Quarter of Section 23, Township 42, Range 33 in Bates County, Missouri.

We are requesting an exception for the regulation 10CSR50-2.70 for well spacing on the Scott lease. Previous operations have established well spacing of 2 ½ acres, which is an accepted well spacing unit in Eastern Kansas and Western Missouri oil fields for efficient recovery for reservoirs from 250 feet depths to 700 feet depths.

We appreciate your consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Curstin Hamblin".

Curstin Hamblin for Osborn Energy, LLC

Jeremiah W. (Jay) Nixon, Governor • Mark N. Templeton, Director

RE: Scott lease spacing exemption

Dear Ms. Hamblin:

The Geological Survey Program has received a spacing exemption request for the Osborn Energy's Scott lease. Pursuant to the Department of Natural Resources rules and regulations title 10 CSR 50-2.070 (1) (B) 2, "Wells whose oil-producing formations may be reasonably expected to be less than 1200 feet in depth may be excepted from the 40 acre spacing requirement..." Osborn's request states that the primary oil reservoir beneath the Scott lease is expected to be less than 250-700 feet in depth. The State Oil and Gas Council encourages operators "to obtain the greatest possible economic recovery of oil" in Missouri. Therefore, Osborn's request for a spacing exemption on the Scott lease is granted.

If you have any questions, please feel free to contact me or Scott Kaden at P.O. Box 250, Rolla, Missouri 65402, telephone (573) 368-2183, or email at [scott.kaden@dnr.mo.gov](mailto:scott.kaden@dnr.mo.gov). Thank you for your request.

Sincerely,

DIVISION OF GEOLOGY AND LAND SURVEY

Joe Gillman, RG  
Director and State Geologist

REMARKS

**INSTRUCTIONS**

On the above plat, show distance of the proposed well from the two nearest section lines, the nearest lease line, and from the nearest well on the same lease completed in or drilling to the same reservoir. Do not confuse survey lines with lease lines. See rule 10 CSR 50-2.030 for survey requirements. Lease lines must be marked.

This is to certify that I have executed a survey to accurately locate oil and gas wells in accordance with 10 CSR 50-2.030 and that the results are correctly shown on the above plat.
